Permitting as a drainlayer in the Town of Milton is a privilege granted by the Town Engineer or Director. The purpose of licensing this activity is to protect the public health and welfare and provide adequate quality control for work that has potential of compromising the infrastructure of the Town. A drainlayer's permit is necessary to lay pipe in any and all right of ways for the purpose of conveyance of sanitary waste water, surface and subsurface runoff, water distribution and any other substance or matter that may effect the health and safety of the general public and/or have potential impact on the public way.
