

## **SINGLE STREAM RECYCLING IS COMING TO MILTON!!**

Beginning January 24<sup>th</sup> 2011, the Town of Milton will be beginning a new Single Stream Curbside Recycling pilot program!!!! The program will be for all residents participating in the Town's curbside collection until further notice.

### **What does this mean?**

❑ Recycling will be made easier and more efficient for all residents. You no longer have to spend time sorting your recyclable materials into separate bins. Now all recyclable items can be placed in the same container for easy curbside collection.

❑ You may use standard 32-gallon trash containers for your recycling (labeled as "Recycling") or continue to use existing recycling bins.

❑ Single Stream materials are sorted at a special facility and then recycled in their individual streams. Simply stated, we'll do all the sorting.

### **How will the Program work?**

❑ You may continue to put out the same recyclable materials as you do now, however **NO SORTING IS NEEDED!** Simply place all the materials in the same container.

❑ Place your recycling container curbside on your normal collection day. **IT'S THAT EASY!!**

❑ Materials should be prepared in the same manner, cardboard and boxes broken down and containers rinsed clean and caps removed. Plastic and aluminum cans may be crushed to save space.

### **What's Next?**

❑ Beginning the week of January 24<sup>th</sup>, you may begin placing your recycling out in one or more single stream containers. You can pick up a "SINGLE STREAM RECYCLING" sticker at Town Hall or the DPW yard, which you may use to label your container to designate it as your recycling barrel, or continue to use recycling bins.

### **Please continue to recycle all the same materials that were previously collected in two streams.**

- ❖ Glass Bottles and Jars
- ❖ Plastic Bottles
- ❖ Aluminum and Tin Cans
- ❖ Cardboard boxes
- ❖ White and Colored Paper
- ❖ Newspapers and Magazines
- ❖ Junk Mail

### **ALL IN THE SAME CONTAINER!**
