

Residents should call MASSPORT to register noise complaints. Why MASSPORT? Because MASSPORT supervises the FAA and owns the airport. It is responsible for the airport activity. The number is (617) 561-3333. There should be a human being on the end of the phone

MASSPORT will answer with, "This is MASSPORT answering for Noise Abatement." The caller will need to identify himself/herself by name and be sure they say they are calling from **Milton**. State the complaint (e.g. "Planes have been flying over my house for the past five days and I need a little relief") and *always* ask for a written report with an explanation. MASSPORT will mail this out at their expense.

It is important for residents to call this number so that Milton has a voice regarding noise abatement.

If you have any more questions, please feel free to contact the Town's MASSPORT Representative, Judy Kennedy at 617-333-0128.
