QUESTION 1
LAW PROPOSED BY INITIATIVE PETITION
Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives on or before May 5, 2020?

This proposed law would require that motor vehicle owners and independent repair facilities be provided with expanded access to mechanical data related to a vehicle's maintenance and repair.

Voting instructions: A NO VOTE would make no change in the laws governing voting and how votes are counted. A YES VOTE would provide motor vehicle owners and independent repair facilities with expanded access to wirelessly transmitted mechanical data related to their vehicles' maintenance and repair.

YES □ NO □

NO VOTE □

NOTE: This proposed law would require the Attorney General to prepare a notice for prospective motor vehicle owners and lessees explaining mechanical systems and the proposed law's requirements concerning access to the vehicle's mechanical data. Under the proposed law, dealers would have to provide prospective owners with, and prospective owners would have to acknowledge receipt of, the notice before buying or leasing a vehicle. Failure to comply with these notice requirements would subject motor vehicle dealers to sanctions by the applicable licensing authority.

Motor vehicle owners and independent repair facilities could enforce this law through state consumer protection laws and recover civil penalties of the lesser of $10,000 per violation or $10,000 per violation.

SUMMARY
A Community Preservation Committee composed of local citizens would make recommendations on the use of the funds and all expenditures must be approved by Town Meeting.

YES □ NO □

NO VOTE □

SUMMARY
This proposed law would establish a dedicated funding source to (1) acquire, rehabilitate, restore and preserve historic properties; (2) help meet local affordable housing needs; (3) acquire, create, preserve, expand, and maintain public open space; and (4) create and maintain land for open space, drinking water supplies and conservation areas.

In Milton, the Act would be funded by annual distributions provided by a state trust fund and an additional excess of 1% on the annual tax levy on real property to be assessed beginning in fiscal year 2022. Only communities that adopt the Act receive a distribution from this state fund.

The following will be exempt from the surcharge: (1) property owned and occupied as a domicile by any person who qualifies for low income housing or low or moderate income senior housing in the town, as defined in Section 2 of said Act; (2) $100,000 of the value of each taxable parcel of residential property and (3) $100,000 of the value of each taxable parcel of business or industrial property.

The Secretary of State would be required to issue regulations to implement the proposed law and conduct a voter education campaign about the ranked-choice voting process. The proposed law would take effect on January 1, 2023.

A NO VOTE would make no change in the laws governing voting and how votes are counted.
