Also in attendance were the individuals on the attached sign-in sheet.

## Amendments to the Traffic Rules and Orders

1. Article V, Section 2:

7-9 Pleasant Street - Post no parking on the even side of the street from Randolph Avenue to the driveway of #18 Pleasant Street.

Article V, Section 12:

Post one (1) handicap parking spot immediately south of driveway entrance for 7-9 Pleasant Street (G.H. Bent Company Building)

2. Article VIII, Section 22:

Hemlock Drive - At the approach to Blue Hill Avenue, post no left turn 4PM-7PM.

3. Article V, Section 7:

Business Districts - A request to standardize all time restricted parking in business districts to 2HR was presented by the Milton Chamber of Commerce. The Traffic Commission supports this recommendation.

Discussed/Deferred/No Action

1. 183 Central Avenue - Time Limited Parking Restrictions

This request was not supported due to lack of evidence that vehicles routinely park in this vicinity all day long. Milton Police will monitor through the next several months and revisit if necessary.

2. Gun Hill Street - Request to turn one-way direction

This request was not supported due to lack of traffic count information. DPW Engineering will perform traffic counts in the fall when school is back in session.

3. Canton Avenue Eastbound at Reedsdale Road - Request for no turn on red.

This request was not supported. Adequate site distance exists for this maneuver which is often utilized and reduces queueing along Canton Avenue.

4. 25 Bryant Avenue (The Empire Building)- Parking

Counsel representing the new owner of the property addressed the Traffic Commission in regards to making more parking available in the vicinity when renovations are complete.

Respectfully Submitted,

The Traffic Commission
