CHARTER BY SPECIAL ACT FOR THE TOWN OF MILTON

Chapter 27, Acts of 1927

“Representative Town Government by Limited Town Meetings”

(Revised by Chap. 306 Acts of 1936, Chap. 63 Acts of 1948, Chap. 67 Acts of 1957, Chap. 597 Acts of 1958, Chap. 319 Acts of 1971, and Chap. 47 Acts of 2006)

Be it enacted, etc, as follows:

SECTION I. The registered voters of each precinct in the town of Milton, at the annual town election to be held in the year nineteen hundred and twenty-seven and the registered voters of any precinct affected by any revision of precincts, at the first annual town election following such revisions, shall elect by ballot and conformably to the laws relative to elections not inconsistent with this act from residents of the precinct town meeting members, to the largest number which is divisible by three and which will make the elected representation of such precinct bear approximately the same proportion to the total elected representation of the town as the number of registered voters in such precinct bears to the total number of registered voters in the town, and which will cause the total elected membership to be as nearly two hundred and seventy-nine as may be, and not in excess thereof. The first third in the order of votes received of members so elected shall serve until the third succeeding annual election, the second third in such order shall serve until the second succeeding annual election, and the remaining third in such order shall serve until the first succeeding annual election. After the annual town election in the year nineteen hundred and twenty-seven, except as herein provided, at each annual town election the registered voters of each precinct shall, in like manner, elect as town meeting members for the term of three years, such number of elected town meeting members as are necessary to provide for such precinct the total number of elected town meeting members to which it is then entitled, and shall, at such election, fill for the unexpired term or terms any vacancies then existing in the number of town meeting members in such precinct. In case of any revision of a precinct or precincts, the TERMS of office of all elected town meeting members from each precinct affected by such revision, shall cease upon the qualifications of their successors elected as hereinbefore provided. The number of precincts in said town shall be not less than four.

In the case of a tie vote which affects the election of town meeting members in any precinct otherwise than as to term of office, the members elected from such precinct at the same election other than those whose election is so affected, shall, by a majority vote, determine which of the voters receiving such tie vote shall serve as town meeting members from such precinct, and in case of a tie vote affecting the term of office of members elected, the members elected from such precinct at the same election other than those whose terms of office are affected by such tie vote shall, by a majority vote, determine which member receiving such tie vote shall serve for the longer and which for the shorter term.

The town clerk shall, after every election of town meeting members, forthwith notify each member, by mail, of his election.

The number of elected town meeting members to which each precinct is entitled for the ensuing municipal year shall be determined by the town clerk on or before January fifteenth of each year and shall bear approximately the same proportion to the total number of elected town meeting members of the town as the number of registered voters in such precinct bears to the total number of registered voters in the town on January first of that year.

SECTION 2. The representative town meeting held under the provisions of this act, except as otherwise provided herein, shall be limited to the elected town meeting members together with the following, designated as town meeting members ex officios namely: any member of the general court of the commonwealth who is a registered voter of the town, the town moderator, the town clerk, the selectmen, the town treasurer, the town counsel if a registered voter of the town, the town collector of taxes, the chairman of the school committee, the chairman of the trustees of the public library, the chairman of the board of health, the chairman of the park commissioners, the tree warden, the chairman of the planning board, the chairman of the assessors of taxes, the chairman of the board of trustees of the cemetery, the chairman of the warrant committee, and the chairman of the board of Personnel Administration.

The secretary or clerk of each of the above-named boards and commissions shall file with the town clerk a certificate of election of a chairman.

Any elected town meeting member who becomes by appointment or election one of the officers designated as town meeting members, ex officios, shall notwithstanding such appointment or election continue to serve as an elected town meeting member rather than as ex officio member. The town clerk shall notify the town meeting members of the time and place at which representative town meetings are to be held, such notices to be sent by mail at least three days before any such meeting, but failure to comply with this provision shall not affect the validity of any act of the meeting, and this provision shall be in addition to the warrant for such meeting duly published and served according to law. The representative town meeting shall have authority to determine the election and qualifications as set forth in this act, of its members. A majority of the town meeting members shall constitute a quorum for doing business; but a less number may organize temporarily and may adjourn from time to time. All town meetings shall be held in public. Town meeting members shall receive no compensation as such. Subject to such conditions as may be determined from time to time by the representative town meeting, any voter of the town who is not a town meeting member may speak at any representative town meeting, but he shall not vote. An elected town meeting member may resign by filing a written resignation with the town clerk, and such resignation shall take effect on the date of such filing. An elected town meeting member who removes from the precinct from which he was elected shall cease to be a town meeting member.

SECTION 3. Nominations of candidates for town meeting members to be elected under this act shall be made by nomination papers which shall bear no political designation, but to the name of a candidate for re-election there may be added the words "Candidate for Reelection." Nomination papers shall be signed by not less than ten registered voters of the precinct in which the candidate is nominated for office. Any incumbent town meeting member may become a candidate for re-election by given written notice thereof to the town clerk not later than fourteen days prior to the last day and hour for filing nomination papers notwithstanding any contrary provision in any special law. No nomination papers shall be valid in respect to any candidate unless his written acceptance is filed therewith.

SECTION 4. All articles in the warrant for every town meeting, so far as they relate to the election of the town moderator, town officers and town meeting members, and as herein provided, to referenda and all matters to be acted upon and determined by ballot, shall be so acted upon and determined by registered voters of the town in their respected precincts. All other articles in the warrant for any town meeting, beginning with the annual town meeting in the year when said town meeting members are first elected, shall be acted upon and determined exclusively by town meeting members at a representative town meeting to be held at such time and place as shall be set forth by the selectmen in the warrant for the meeting, and subject to the referendum provided for by section seven.

SECTION 5. A moderator shall be elected by the registered voters of the town by ballot for a three (3) year term, and shall serve as the moderator of all town meetings except as otherwise provided by law until his successor is elected and qualified. Nominations for moderator and his election shall be as in the case of other elective town officers, and any vacancy in such office may be filled by the town meeting members at a representative town meeting held for that purpose. If a moderator is absent, a moderator pro tempore may be elected by the town meeting members.

SECTION 6. In the event of any vacancy in the full number of elected town meeting members from any precinct, the remaining elected members of the precinct may choose from among the registered voters thereof a successor to serve until the next annual town election. The town clerk may, and upon a petition therefore signed by not less than ten elected town meeting members from the precinct shall, call a special meeting for the purpose of filling such vacancy and shall mail notices thereof to the remaining elected members from the precinct specifying the object and the time and place of such meeting which shall be held not less than four days after the mailing of such notice. At such meeting a majority of such members shall constitute a quorum and shall elect from their own number a chairman and a clerk. The election to fill such vacancy shall be by ballot and a majority of the votes cast shall be required for a choice. The clerk shall forthwith file with the town clerk a certificate of such election, together with a written acceptance by the members so elected, who shall thereupon be deemed elected and qualified as an elected town meeting member, subject to the provisions of section two respecting the election and qualifications of elected town meeting members.

SECTION 7. No article in the warrant shall at any representative town meeting be finally disposed of by a vote to lay upon the table, to indefinitely postpone, or to take no action thereunder. No vote passed at any representative town meeting under any article in the warrant, except a vote to adjourn or a vote for the temporary borrowing of money in anticipation of revenue or a vote declared by a two thirds vote of the town meeting members present and voting thereon to be an emergency measure necessary for the immediate preservation of the peace, health, safety or convenience of the town, shall take effect until after the expiration of seven days, exclusive of Sundays and holidays, from date of such vote. If, within said seven days a petition, signed by not less than five percent of the registered voters of the town, containing their names, together with their street addresses, is filed with the selectmen asking that the question or questions involved in such vote be submitted to the voters of the town at large, then the selectmen within fourteen days of the filing of such petition shall call a special town meeting which shall be held within twenty-one days after notice of the call, for the sole purpose of presenting to the voters at large the question or questions so involved. All votes upon any questions submitted shall be taken by ballot, and the check lists shall be used in the several precincts in the same manner in which they are used in the election of town officers. The polls shall be opened at two o'clock in the afternoon and shall be closed not earlier than eight o'clock in the evening and no ballots shall be removed or counted before the closing of the polls. The question or questions submitted to be voted upon at said town meeting shall be stated upon the ballot in substantially the same language and form in which they were stated when finally presented to said representative town meeting by the moderator as appears upon the records of said meeting, and such question or questions shall be determined by vote of the same proportion of the voters at large voting thereon as would have been required by law had the question been finally determined at a representative town meeting. If such petition be not filed within said period of seven days, the vote in the representative town meeting shall take effect upon the expiration of said period.

SECTION 8. The Town of Milton, after the acceptance of this act, shall have the capacity to act through and be bound by its said town meeting members who shall, when convened from time to time as herein provided, constitute representative town meetings, and the representative town meetings shall exercise exclusively so far as will conform to the provisions of this act, all powers vested in the municipal corporation. Action in conformity with all provisions of law now or hereafter applicable to the transaction of town affairs in town meetings shall, when taken by any representative town meeting in accordance with the provisions of this act have the same force and effect as if such action had been taken in a town meeting open to all the voters of the town as heretofore organized and conducted.

SECTION 9. No right secured to the inhabitants of the Town of Milton by the constitution of this commonwealth shall be abridged by this act; nor shall this act confer upon any representative town meeting the power to commit said town to any proposition affecting its municipal existence, or the form of its government without action thereon by the voters of said town at large using the ballot and check lists therefor.

SECTION 10. This act shall be submitted to the registered voters of the Town of Milton at any annual or special town meeting called for the purpose within two years from the passage of this act. The vote shall be taken in precincts by ballot in accordance with the provisions of the general laws, so far as the same shall be applicable, in answer to the question, which shall be placed, in the case of a special meeting, upon a ballot to be used at said meeting, or, in case of an annual meeting upon the official ballot to be used for the election of town officers: "Shall an act passed by the general court in the year nineteen hundred and twenty-seven, entitled 'An Act to erect and constitute in the Town of Milton representative town government by limited town meetings', be accepted by this town?"

SECTION 11. So much of this act as authorizes its submissions for acceptance to the registered voters of the town shall take effect upon its passage and the remainder shall take effect upon its acceptance by a majority of the voters voting thereon.

No town meeting member shall be allowed to vote after the vote is declared.

Section 6. No vote shall be reconsidered at the same meeting, except upon a motion made within one hour of the adoption of such vote, unless ordered by two-thirds of the town

meeting members present and voting thereon, provided that the time which shall elapse between any adjournment and the next calling to order of the meeting following such adjournment shall be excluded in computing the hour since the adoption of said vote.

Section 7. If a motion for the previous question is adopted by vote of the meeting no person shall speak to the motion then under consideration more than once or for longer than five minutes without a vote of permission of the meeting, except that the Chairman of the Warrant Committee may speak again to close the debate but not for more than five minutes.

Section 39. Burglar Alarm Systems

A. Definitions

PREAMBLE - It is determined that the number of false alarms being made to the Police Department hinder the efficiency and lowers department morale. This situation constitutes a danger to the general public, homeowners, businesses and the police. The adoption of this bylaw will reduce the number of false alarms and promote the responsible use of alarm devices in the Town of Milton.

1. The term "Burglar Alarm System" means an assembly of equipment and devices or a single device such as a solid state unit which plugs directly into a 110 volt AC line, arranged to signal the presence of a hazard requiring urgent attention and to which police are expected to respond. Fire Alarm systems and alarm systems which monitor temperature, smoke, humidity or

any other condition not directly related to the detection of an unauthorized intrusion into a premise or an attempted robbery at a premise are specifically excluded from the provisions of this by-law. The provisions of Section C of this bylaw shall apply to all users.

2. The term “False Alarm” means (a) the activation of an alarm system through mechanical failure, malfunction, improper installation or negligence of the user of an alarm system or his employees or agents; (b) any signal or automatic dialing device transmitted to the Police Department requesting or requiring or resulting in a response on the part of the Police Department when in fact there has been no unauthorized intrusion, robbery or burglary, or attempted threat. For the purposes of this definition, activation of alarm systems by acts of God, including but not limited to power outages, hurricanes, tornadoes, earthquakes, and similar weather or atmospheric disturbances shall not be deemed to be a false alarm.

3. The term “Automatic Dialing Device” refers to an alarm system which automatically send over regular telephone lines, by direct connection or otherwise, a prerecorded voice message or coded signal indicating the existence of the emergency situation that the alarm system is designed to detect.

It shall be incumbent upon the owner of said premises to immediately notify the Milton Police Department of any changes in the list of authorized employees or other persons to respond to alarms.

2. All alarm systems installed after the effective date of this by-law which use an audible horn or bell shall be equipped with a device that will shut off such bell or horn within fifteen (15) minutes after activation of the alarm system. All existing alarm systems in the Town of Milton must have a shut-off device installed within six (6) months of passage of this by-law.

3. Any alarm system emitting a continuous and uninterrupted signal for more than fifteen (15) minutes between 7 p.m. and 6 a.m. which cannot be shut off or otherwise curtailed due to the absence or unavailability of the alarm user or those persons designated by him under paragraph (1) of this section, and which disturbs the peace, comfort or repose of a community, a neighborhood or a considerable number of inhabitants of the area where the alarm system is located, shall constitute a public nuisance. Upon receiving complaints regarding such a continuous and uninterrupted signal, the Police Department shall endeavor to contact the alarm user, or members of the alarm user’s family, or those persons designated by the alarm user under paragraph (1) of this section in an effort to abate the nuisance. The Police Chief shall cause to be recorded the names and addresses of all complainants and the time each complaint was made.

4. No alarm system which is designed to transmit emergency messages or signals of intrusion to the Police Department will be tested until the Police Dispatcher has been notified.

5. The provisions of this by-law shall ~~27~~ not apply to alarm devices on premises

owned or controlled by the town, nor to alarm devices installed in a motor vehicle or trailer.

The Police Chief shall notify the alarm user either by certified mail or by service in hand by a police officer of such violation and said user shall submit payment within fifteen (15) days of said notice to the Town Treasurer for deposit to the General Fund.

2. The owner of a system which occasions six (6) or more false alarms within a calendar year or fails to pay the fine after said notice may be ordered to disconnect and otherwise discontinue the use of the same by the Board of Selectmen after a public hearing.

By virtue of authority established under General Laws, Chapter 41, Section 108A and 108C as amended, and all other acts thereto enabling, there is hereby established a plan pertaining to wage and salary determination and personnel administration of the Town to be known as the Personnel Administration Plan, and sometimes hereinafter referred to in this Chapter as the

“Plan.”

Section II. Application Coverage

All Town departments and positions in the Town service for which compensation is paid (whether full-time, part-time, seasonal, casual, special, Civil Service or others) shall be considered as being within the scope of coverage unless otherwise stated, and shall be subject to, and have the benefits of this Chapter with the following exceptions and/or limitations:

A. In conformance with Chapter 41, Section 108, of the General Laws, as amended, salaries paid to elected Town Officials shall be established annually by vote of the Town. The Personnel Board shall, however, maintain the required records to properly evaluate the worth of such service, and on request, shall make recommendations as to equitable salaries for these positions.

B. Positions under the direction and control of the School Committee in conformance with Chapter 41, Section 108A, of the General Laws, as amended, shall not be included unless such inclusion shall be at the specific request of the School Committee.

C. Youth Department

1. A Town Youth Department is hereby established.

2. The head of the Youth Department shall be the Youth Coordinator who shall be appointed annually by the Board of Selectmen.

D. Town Office and Library Buildings Department

1. A Town Office and Library Buildings Department is hereby established.

2. The head of the Town Office and Library Buildings Department shall be the Superintendent of the Town Office and Library Buildings who shall be appointed annually by the Board of Selectmen.

Section III. Administration (General)

A. Personnel Board

1. Appointment Procedure

There shall be a Personnel Board, consisting of five (5) unpaid members, each of whom shall be appointed by the Moderator for a term of five (5) years, beginning the first day of June in the year of appointment. Terms of service shall be so arranged that the term of one (1) member expires each year. Every member shall serve until his successor has been appointed. There shall be a Chairman of the Board, designated by the Moderator each year and he shall hold office for one (1) year beginning on the first day of June and until his successor is appointed.

Vacancies in the membership of the Board shall be filled by the Moderator to cover the unexpired term of the vacated member. In the event of a vacancy in the office of Chairman, the members of the Board shall elect a Chairman to serve until the next first of June.

2. Board Membership

No Board members shall be in a paid service of the Town, either elected, appointed or hired.

B. General Administration Authority of Personnel Board

The Personnel Board shall administer the provisions of this Chapter and shall determine all questions arising thereunder. The Personnel Board shall, from time to time, establish rules for the administration of the Plan and the conduct of its affairs not inconsistent with this Chapter, and may at any time amend or revoke the same. Such rules shall include specifications for minimum requirements of every classified position and no person shall be employed by the Town, unless in the opinion of the Personnel Board, such person meets said requirements. A majority of the Board shall constitute a quorum. Within its appropriation the Personnel Board may employ such personnel and incur such expenses as it deems necessary. The Personnel Board shall from time to time review the work of all positions covered by the Plan and the salary schedules provided in the Plan.

The plan shall not be amended except at Annual Town Meetings, but the Personnel Board may add positions, abolish positions, or reclassify positions in the Plan, and so far as permitted by law, change salary rates, all such action to be effective until the final adjournment of the next Annual Town Meeting.

The Personnel Board shall make an annual report in writing to the Town on or before July first of each year.

C. Records and Information

The Personnel Board shall maintain adequate records, including detailed Personnel records of all employees. Each department, committee and board of the Town shall, in accordance with procedures prescribed by the Personnel Board, furnish the Board with all facts, figures and other information pertaining to the employees of the Town under their respective jurisdiction, as the Personnel Board shall require.

Section IV. Wage and Salary Determination

A. The Plan

A classification and compensation plan utilizing clearly defined formal evaluation procedures and a consideration of general current wage levels, as a basis for determining

equitable rates of compensation is hereby established. The Plan requires the maintenance, on a certain basis, of accurate and detailed descriptions of job or position requirements, the proper evaluation of same through the use of job and Staff Evaluation provided herewith and their classification into job and salary grades.

B. Current Classifications and Compensation Values

All positions are hereby classified into groups or grades which represent substantially similar over-all requirements, as evaluated, in accordance with the the classification and compensation plan procedures indicated in Section IV - A above. These values are contained in Salary and Job Schedules attached hereto and made a part hereof. These schedules include minimum and maximum wage and salary rates, with intermediate step-rate increases, and reflect the value of specific services as currently performed and in accordance with detailed descriptions contained in supporting records. It shall not be a requirement to include the current schedule of weekly employee pay rates in a warrant article which seeks to amend the Salary Schedule of the Personnel Board Pay Plan.

C. Installing the Plan

No present employee's wage or salary or paid vacation shall be reduced as a result of the installation of this Plan. Any existing rates of present employees above the maximum shall become Personal Rates and shall apply only to the present incumbent. Such rates are not subject to general increases until such time as these rates conform to the Grade Value as currently indicated in the Compensation Plan. When the incumbent leaves the employ of the Town, or is transferred to another position which carries a higher rate than his Personal Rate, or voluntarily changes to another position, the Personal Rate shall disappear. No other employee assigned to or hired for the position shall advance beyond the maximum of the job.

D. Operating the Plan

1. Job and Position Descriptions

The Personnel Board shall maintain up-to-date descriptions for each job or position in the Plan, describing the specific duties, requirements and characteristics of each, in sufficient detail as to make available the necessary information to insure a fair evaluation and/or re-evaluation. These descriptions shall not be interpreted as being a complete or limiting definition of job requirements and it is expected that the employee will perform any duties assigned by those delegated to supervisory functions.

2. Job and Position Evaluation and Re-evaluation

As new jobs or positions are added to the Plan, or as changes take place in the specific

requirements of those already evaluated, they shall be evaluated in accordance with the established procedures to determine the grade or change in grade, if any, resulting from such evaluation.

3. Changes of Grade

An employee advancing to a higher grade shall start at the lowest step in the new grade which does not reduce his compensation, provided, however, that the Personnel Board may start such employee in a higher step than prescribed when it concurs with the opinion of the Department Head that special circumstances warrant such action.

4. Step Rate Advances:

Employees may be advanced by merit increases within their salary grade, one step each year as of July first, until the maximum is reached. A new employee may be eligible to advance on July first to the next higher step of his grade if he has been in continuous town employment for at least three (3) months. If the employee has not been so employed for at least three (3) months, the employee shall not be eligible for advancement until the second July first after employment. Every increase shall be made on the basis of merit only, upon the recommendation of the Department Head and with the approval of the Personnel Board. Where differences may exist, the employee may be granted a hearing for the purpose of receiving a clarification of the basis or decision in this area.

5. Classification of New Employees

The Personnel Board shall be notified of all requisitions for persons to fill positions or perform duties, subject to the compensation plan and shall advise upon the appropriate classification to which such person shall be assigned. No new employees shall start work, receive wages or receive compensation in any form without the prior approval of the Personnel Board, or, for seasonal employees without the prior approval of the Chairman of the Personnel Board. Persons who have resided in the Town for one year immediately prior to the date of the filing of the requisitions to fill a position shall be granted a preference to be hired for said position ahead of persons who have not so resided. The Personnel Board may waive this requirement in any case where the appointing authority furnishes written reasons which the Board deems sufficient.

6. Hours of Employment

The base used in establishing each evaluated rate of compensation is the hour. Normal hours of employment are thus made a part of the salary and job grade schedules attached hereto. Deviation from these normal hours after forty hours/week, with the exception of the Fire Department whose normal work week is forty-two hours, becomes the basis for overtime consideration except as otherwise stated. It is to be assumed that all work hour schedules will be determined with a consideration of all laws affecting hours of employment. For services rendered beyond forty hours in any one week, or forty-two hours in the case of the Fire Department, overtime may be paid up to one and one-half times the regular rate of pay, time off equal to the overtime served may be granted, or such extra pay and time off may be combined to compensate for the overtime hours. The payment of overtime to Heads of departments and other employees will be determined under federal and state wage and hour laws.

The Personnel Board shall have the authority to allow a work schedule for individual employees which provides for work between hours other than 8:30 a.m. to 5:00 p.m., provided that the Personnel Board determines that such a schedule is in the best interests of the Town of Milton.

7. The Personnel Board shall establish policies and procedures governing fringe benefits to be granted to employees who are covered by this Chapter, including without limitation paid holidays, vacations, sick leave, paid leave for jury duty or for military duty, retirement, extra compensation for extended service, bereavement leave, accumulated sick leave, personal days and maternity-adoption leave. Such fringe benefits shall comply with applicable requirements of federal law and Massachusetts law. The Personnel Board shall maintain written records of all fringe benefit policies and procedures.

Section V. Miscellaneous General Provisions and Policies

A. The number of persons employed by the Town temporarily or otherwise shall not be increased without the approval of the Personnel Board.

B. No head of Department receiving compensation from the Town shall at any time engage in private work which has or could have any relation to Town affairs.

C. Employees shall not receive compensation by way of salaries, wages or fees from more than one department, Board or Committee unless otherwise provided for in this Plan, or unless such compensation is approved by the Personnel Board.

D. Provisions in this Chapter requiring or authorizing payments of compensation are in every case subject to appropriations being made, from time to time, by Town Meetings unless such payments are otherwise authorized by law.

E. If any provision of this Plan shall conflict with any Civil Service Law or any other law presently or hereinafter in force, such a provision of this Plan shall be deemed modified, but only to the extent required to conform to law.

F. The invalidity of any section or 38 provision of this Chapter shall not

invalidate any other section or provision thereof.

G. All Personnel Bylaws referring to regular part-time employees' proportionate benefits will be calculated based on the number of part-time hours worked per week as compared to the number of full-time hours worked per week within the same position classification.

Section VI. Grievance Procedure

There shall be a grievance procedure available to those employees of the Town whose positions were removed from Civil Service under Article 12 of the Warrant of the 1978 Annual Town Meeting. As used in this section, the word "grievance" shall be construed to mean a dispute between an employee and his supervisor(s) concerning discharge, removal, suspension, layoff, transfer, or reduction in compensation or rank. Only employees who have completed a six month probationary period shall be eligible to file a grievance.

Step I. The employee shall take up his grievance orally with his immediate supervisor who shall reach a decision and communicate it orally to the employee within three (3) working days from the date on which the incident giving rise to the grievance has occurred.

Step II. If the grievance is not settled at Step I, the employee shall within five (5) working days thereafter present his grievance in writing to his supervisor who shall forward it to the department head who shall hold a hearing within five (5) working days. Within five (5) working days of the hearing the department head shall render his decision in writing to the employee.

Step III. If the grievance is not settled at Step II in those cases where the department involved is under the jurisdiction of a Board or Commission, the grievance shall be reviewed by said Board or Commission. Within ten (10) working days of the hearing, the Board or Commission shall render its decision in writing to the employee.

Step IV. If the grievance is not settled at Step III, all records and facts in the case shall be referred to the Personnel Board for adjudication. If the Personnel Board finds that the action of the supervisor was justified, such action shall be affirmed, otherwise the action relating to the employee may be reversed and/or modified and the grievant may be returned to his position with or without loss of compensation. Within ten (10) working days of the hearing the employee shall be notified in writing through the department head as to the decision of the Personnel Board which shall be final.

This Bylaw shall take effect upon the enactment of the aforementioned legislation.

The foregoing Chapter 13 entitled "Personnel Administration" was first added to the General Bylaws as voted under Article 8 of the warrant of the 1956 Annual Town Meeting.

4. **Procedure**

- A. The building commissioner shall forward a copy of each demolition permit application for a regulated building to the Commission within seven (7) days of the filing of such application. No regulated building shall be demolished without a demolition permit application being filed and a demolition permit issued. The

application shall specify whether the building is regulated.

- B. Within forty-five (45) days from its receipt of a demolition permit application the Commission shall determine whether the building is an historically significant building. The applicant for the permit shall be entitled to make a presentation to the Commission if the applicant so chooses. If the Commission determines that the building is not historically significant, the Commission shall so notify the Building Commissioner in writing and the Building Commissioner may issue a demolition permit. If the Commission determines that the building is historically significant, the Commission shall notify the Building Commissioner in writing that a demolition plan review must be made prior to the issuance of any demolition permit. If the Commission fails to notify the Building Commissioner of its determination within forty-five (45) days of its receipt of the application, then the building shall be deemed not historically significant and the Building Commissioner may issue a demolition permit.

5. Demolition Plan Review

- A. Not more than sixty (60) days after the Commission's determination that the building is historically significant, the applicant for the permit shall submit to the Commission four (4) copies of a demolition plan which shall include the following information:
- (i) A map showing the location of the building to be demolished on its property with reference to neighboring properties. (A zoning map shall be sufficient);

 - (v) A brief description of the proposed reuse of the property on which the building to be demolished is located.
- B. After public notice, the Commission shall hold a public hearing with respect to the application for a demolition permit. Public notice of the hearings shall provide the time, date and place of the hearing and the address of the property to be considered at the hearing. Public notice shall require posting with the town clerk and notice in a newspaper of general circulation in the town, and notification to the building commissioner, to the town planner, to the applicant, to the owners of all abutting property and to other property owners deemed by the commission to be materially affected not less than seven (7) days prior to the date of said hearing. The applicant shall pay in advance for advertising and notification costs. Failure to make payment on request shall toll the running of time required for the Commission's report until payment is made.
- C. Within sixty (60) days from its receipt of the demolition plan, the Commission shall file a written report with the Building Commissioner which shall include the following:
- (a) A description of the age, architectural style, historical associations

and importance of the building to be demolished;

(b) A determination as to whether or not the building is a preferably preserved building.

D. If the building is not determined to be a preferably preserved building or if the Commission fails to file its report with the Building Commissioner within the sixty days, then the Building Commissioner may issue a demolition permit.

E. If the building is determined to be a preferably preserved building; then the Building Commissioner shall not issue a demolition permit for a period of nine (9) months from the date the Commission's report is filed with the Building Commissioner unless the Commission informs the Building Commissioner prior to the expiration of such nine (9) month period that the Commission is satisfied that the applicant for the demolition permit has made a bona fide, reasonable and unsuccessful effort to locate a purchaser for the building who is willing to preserve, rehabilitate or restore the building under consideration. The Commission reserves the right to specify reasonable conditions regarding the disposal of parts or portions of the building or property to be demolished.

6. Emergency Demolition

If a regulated building poses an immediate threat to public health or safety due to its deteriorated condition, the owner of such regulated building may request the issuance of an emergency demolition permit from the Building Commissioner. As soon as practicable, after receipt of such a request, the Building Commissioner shall arrange to have the property inspected by himself, the Fire Chief (or designee) and a member of the Historical Commission (or designee). After inspection of the building the Building Commissioner shall determine whether the condition of the building represents a serious and imminent threat to public health and safety and whether there is any reasonable alternative to immediate demolition. If the Building Commissioner determines there is a serious and imminent threat to public health and safety, then the Building Commissioner may issue an emergency demolition permit. Nothing in Chapter 22 shall be inconsistent with the procedures for the demolition and/or securing of buildings established by M.G.L. Chapter 143 § 8-10.

7. Non-Compliance

Anyone who demolishes a regulated building without first obtaining, and complying fully with the provisions of a demolition permit in accordance with this chapter shall be subject to prosecution in the District Court which may impose the maximum fine allowable by law. In addition, the Building Commissioner shall not issue a building permit pertaining to any property on which a regulated building identified in Section 3 has been demolished without compliance with this chapter for a period of two (2) years from the date of demolition.
